RESILIENCE COLLECTION

Resilience Collection is an advanced wood composite core flooring that promises 80-hour protection from surface moisture so it's basically suited for all your flooring needs.

Its advanced core and joint design deliver waterproof performance in an elegant, realistic wood-look flooring, and AC4 wear layer ratings delivers a super scratch and abrasion resistance.

FEATURES YOU NEED TO CHECK OUT:

- © Advanced waterproof core and joint construction prevents moisture penetration.
- © Ac4 wear layer rating gives you limited 30 years residential warranty and 5 years light commercial warranty.
- © CARB II Compliant for VOC emissions.
Transitions and Accessories available.
